Special Dietary Restrictions

Due Date: May 31 Return to: EMAIL campdirector@nwqabsa.org
--

Some special dietary restrictions can be accommodated for Scouts and adults such as vegetarian meals, lactose or gluten free, nut and food allergy considerations, and some religious restrictions can be met if notified well in advance. Please be sure to return this form NO LATER THAN MAY 31. Because our meals are specially prepared and pre-approved by a nutritionist, we are LIMITED in the ways in which we can accommodate some special dietary meals. Please be prepared to supplement your own diet if necessary, to include providing your own manner of food storage if necessary.
